 Thurs - 17th - Dec - Class Parties
 Fri - 18th - Dec - End of Term 4

CURRICULUM

Students will continue tasks and assessments in Literacy and Mathematics. They will be working on activities that are specifically tailored to their needs.

In Writing, students will focus on memoir writing and continue working on punctuation and editing.

Students will continue to be exposed to reading in a variety of formats including media, film, digital and traditional forms that will enhance their comprehension skills.

In Humanities this Term, students will gain a real-life understanding of the design and production process and the different resources and sales tactics used to create and market products.

Students will continue building on their morphological awareness through learning about and using more prefixes and suffixes.

We encourage the students to continually practise their times tables to help them solve problems more efficiently.

PARENT INFORMATION

Welcome back to Term 4. We are now in the last term for the year and the students have settled straight back into routines. They understand the expectations and have matured as wonderful role models to younger students at SAMPS. Please encourage this behaviour with your child at home, as these are essential skills needed for moving on to secondary school next year.

Parents/Carers will be notified via Xuno of upcoming events as well as the Grade 6 Graduation later in the term.

We wish all our Grade 6's the very best in transitioning to Secondary school. They will surely be missed.

REMINDERS

- Make sure your child attends upcoming days for Year 7 at the high school they will be attending in 2026.
- Make sure you provide permission, update absences and return notes on Xuno as soon as possible.
- Please make sure your child's iPad is fully charged for each school day and that they bring their iPad to school everyday.
- Homework is to be completed every week!
- Term 4 is a SUNSMART Term, so students need to wear hats at recess and lunch times.
